What is TOPSoccer?

TOPSoccer is a free, community-based training and team placement program for athletes with disabilities, organized by youth soccer association volunteers. The program is designed to bring the opportunity of learning and playing soccer to all players, age eight and older, who have a mental or physical disability. Our goal is to enable the thousands of young athletes with disabilities to become valued and successful members of the [US Youth Soccer](#) family.

TOPSoccer was formed to perpetuate the US Youth Soccer mission statement, which is, in part, "to foster the physical, mental and emotional growth and development of America's youth through the sport of soccer at all levels of age and competition." There are thousands of children with disabilities who need, and can be provided with, the opportunity to play soccer through the TOPSoccer program.

Who is Pipeline Soccer Club?

Pipeline Soccer Club is a non-profit organization founded in 2011 by Sean Rush and Santino Quaranta, two former professional soccer players. The club currently has forty-nine club teams consisting of boys and girls, ages 7 to 18, as well as a Recreation program and Academy that are run for players 4-10 years of age, making it the largest club in Baltimore. The club also co-founded Baltimore Armour, a US Soccer Development Academy, and is represented by two Men's team playing in the Maryland Majors League (Division I & II).
